INSTITUTIONAL ADVISORY COMMISSION MINUTES

PURPOSE

Preparing Students Today for Tomorrow’s Careers
Empower all students to participate fully in the economy by providing and enhancing Career and Technical Education

– Chris Cook, PR Administrator
– Erica Shumaker, Marketing Manager

DISCUSSION

• Career Visions – Building Student Aspirations
  o Career Trees

  Stephen provided an overview of the career tree vision. Alongside the work this year with teachers and program advisory council members to define transferable skills through expanding career opportunities within the student’s career field, the tree represents career opportunities at the entry level, middle level and the more professional career all while receiving credentialing opportunities. Thank you for providing your feedback throughout the process.
  
  o Professional Skills Rubric

  The professional skills rubric was provided to advisory members. The rubric captures skill sets in addition to technical abilities for students to achieve to achieve economic independence.
  – Stephen Weltsch, Assistant Superintendent

• Purposeful Development of Student Communication Skills
  o Student Ambassador Program

  Mr. Guy highlighted the student ambassador program at the Southwest Campus. Student leaders from every program greet guests, articulate learning in the classroom, support campus events and assist with future ambassadors. The goal is to support student growth through leadership and communication skills through action in their community.
  – Jarett Guy, SWC Administrator

  o Mock Interviews

  Mr. Wright shared the importance of mock interviews for students across the campus. For those interested in participating, please feel free to contact jessica.putton@west-mec.org
