Safety coordinator works to ensure that employees & students at West-MEC can complete their work safely. Enforce standards based on legal requirements and train employees to help them understand these rules. Safety coordinator will also monitor working conditions and resolve any safety issues that may arise and implement and oversee the Districts Emergency Response Protocols at all District sites.

Essential Duties and Responsibilities:

- Create and implement safety plans for each site while ensuring that they are being followed.
- Attend safety walks and inspections, evaluate health and safety conditions at campuses.
- Educate all employees on safety standards and expectations as well as safe machinery operations with Maintenance Staff.
- Provide recommendations for improving safety in the workplace.
- Maintain documentation of the company's emergency response plan, safety procedures, accidents and related events.
- Act as a liaison between management and external safety agencies, such as fire, police and other governmental agencies for the state of Arizona and Ariz Department of Education.
- Assure compliance with the use of chemicals and pesticide application.
- Stay up to date on new state and federal health and safety regulations.
- Run emergency drills to gauge employee readiness.
- Process paperwork that is required to keep West-MEC compliant with Arizona state statues.

Qualifications:

- Obtain a Certification as a Safety Professional or similar form of licensure as a safety officer or relative experience.

- Obtain knowledge of the Arizona School Risk Retention Trust, and the Alliance for Workers Compensation.
- Experience with PowerPoint and Excel.
- Excellent written and verbal communication skills, effective public speaking and presentation skills.
- Have an understanding of federal, state, and city safety requirements, including OSHA.
- Ability to manage multiple projects and priorities at the same time.
- Excellent interpersonal skills and the ability to establish effective professional relationships with employees.
- Demonstrate broad knowledge of state and federal safety guidelines for the work.
- Exhibits knowledge of appropriate emergency protocols.
- Communicates clearly and effectively.
- Exhibits strong organizational skills.
- Possesses solid problem-solving and analytical abilities.
- Works well with a team.
- Possesses strong writing skills.
- Demonstrates ability to remain calm and cool-headed in the event of an emergency.

Other Requirements:

- Associate's Degree in Occupational Health and Safety, or equivalent experience in area of Safety.
- OSHA certification is required.
- Background in training for Stop the Bleed, CPR, and AED's.
- Must be able to pass a fingerprint check and background check.

Evaluation: This position has a 90-day probation period, plus a yearly evaluation
